

Antibody Datasheet

Product description:- Anti-FLIP-L
Antigen:- GST-FLIP-L [DU 22247]
Sheep Number:- S387D
Formulation:- Phosphate Buffered Saline
Storage temperature:- -20 °C
Purification Method:- Affinity purified against GST-FLIP-L and then depleted against GST.
Working Concentration:- For immunoblotting use at 1 ug / ml

Immunoblotting:-

3rd bleed used at 1 ug/ml in 5 % milk in TBS-tween

There should be a band of 55kDa of cFLIPI and could also be a band of 26kDa from cFLIPs (depending on epitope). Not clear if band below 64kDa is definitely the band or not. Would need to do siRNA to be sure – more testing is on-going.
