TTBK2 Antibodies-Western Blot

TTBK2 antibodies-IP

Endogenous TTBK2 :large scale IP

TTBK2 ANTIBODIES : S533C and S572C

S526C and S567C (peptide antibodies) have been also tested and they do not detect recombinant or endogenous protein either on cell lysates or IP.

1. Has this antibody been tested?

Yes.

2. Has a data sheet been generated?

Yes.

3. Does this antibody immunoblot 1-10ng of recombinant protein?

Yes. Tested on recombinant protein expressed in 293 cells (Flag, GST and GFP)
Slide 1

4. Does this antibody immunoblot endogenous proteins in cell extracts?

Yes, from 20 mg of 293 cells.

5. Does this antibody immunoprecipitate recombinant protein?

Yes. Slide 4

6. Does this antibody immunoprecipitate endogenous protein?

Yes, from 20 mg of mouse Brain and Testes
