

CRTC

Full Name:

CRTC pan isoform (1 + 2 + 3)

Long Name Text:

CREB regulated transcription coactivator 3

Immuno Sequence:

CNPRKFSEKIA [conserved sequence in CRTC1 + 2 + 3]

Phosphopeptide:

CNPRKFSEKIA [conserved sequence in CRTC1 + 2 + 3]

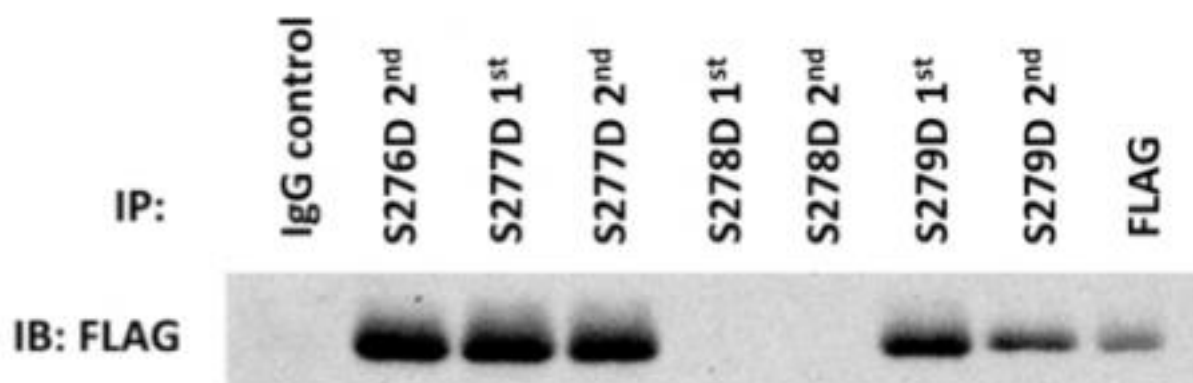

Sheep No:

S279D

Monoclonal/Polyclonal:

Polyclonal

Gel Image:

Flag-CRTC3 was expressed in HEK293 cells. CRTC3 was immunoprecipitated from 0.25 mg cell extract protein with anti-FLAG or different antibodies against CRTC3 (2.5 ug).

Immunoprecipitation of overexpressed CRTC3 was monitored by immunoblotting using anti-FLAG. CRTC3 antibodies raised in sheep S276D anti-CRTC3 (3 – 13), S277D anti-CRTC3 (142 – 155), and S279D anti-CRTC (pan isoform), but not S278D anti-CRTC3 (598 – 608), immunoprecipitate overexpressed CRTC3.

Price per aliquot (100µg):

£110.00
